Since the 1920s, the United States has seen a dramatic reversal in living patterns, with a majority of Americans now residing in suburbs. This mass emigration from cities is one of the most fundamental social and geographical transformations in recent US history. Suburbanization has not only produced a distinct physical environment—it has become a major defining force in the construction of twentieth-century American culture. Employing over 200 primary sources, illustrations, and critical essays, The Suburb Reader documents the rise of North American suburbanization from the 1700s through the present day. Through thematically organized chapters it explores multiple facets of suburbia's creation and addresses its indelible impact on the shaping of gender and family ideologies, politics, race relations, technology, design, and public policy. Becky Nicolaides' and Andrew Wiese's concise commentaries introduce the selections and contextualize the major themes of each chapter. Distinctive in its integration of multiple perspectives on the evolution of the suburban landscape, The Suburb Reader pays particular attention to the long, complex experiences of African Americans, immigrants, and working people in suburbia. Encompassing an impressive breadth of chronology and themes, The Suburb Reader is a landmark collection of the best works on the rise of this modern social phenomenon.

Heart and Home

We all have struggles in life that interrupt our feelings of peace. Burdens weigh heavy on us and we ache for a sense of refuge, hope, and belonging. In the midst of this exploration, a promise reaches out from the gospel: Jesus tells us that when we welcome him into our hearts, he will draw near and make his home with us (John 14:23). But what if this heart-space was something more of a heart-home? In The Heart-Home Builder, author Rachel Braunscheidel ponders what a heart-home is and how we can cultivate one even in the

midst of life's difficulties. Rachel shares her own experiences with chronic illness and invites you into the hope she's found despite this pain. It is an invitation and an adventure to find deep hope, grace, and belonging right in the center of our souls.

Gold Rush Museum director Tracey Gordon was perfectly content with her job, her cozy little house, and her role in the Living History Program. Then Scotty swept into her life, promising to show her how exciting life and love could be, and proposing marriage and a trip around the world on the yacht she'd inherited from her father. But now Scotty was dead. So who was this man claiming he was Scotty? Coast Guard pilot Steve Tockterman had flown twice across the United States as a result of letters from this conniving little gold digger. He had not expected to find her so appealing, or so vulnerable and honest. But if she was not after his family's money, who was? And why were they using his name and Tracey? He had to find out who, what, and why before Tracey's escalating \"bad luck\" destroyed them both.

This book is about my personal journey throughout life. It tells the story of all the people that have touched me emotionally. Although names will not be used, the people who played an active part in the remaking of my character will know who they are. This book also speaks of many untold feeling that I held inside but never knew how to voice them outwardly. When the pains of life are just too great, when I cannot seem to see the light of day the words of faith, love, hope, and trust seem to explode forward from the very depths of my soul onto paper. The road to becoming a poet has been a long one for me the bizarre part is that I have not come to the end what this means is there is room for me to grow. My life has been full of hardships but I would not change anything that has happened because I have come to see that everyone blow I took to my ego, or anytime I was knocked down and got back up, only pushed me one-step closer to the person I have now become. the prolific penman
